

CONTRIBUTIONS STILL

REACH OPPORTUNITIES

Total Needed Is Behind But
\$3,332—Six Chances
Filled.

Contributions are still coming in for the Christmas fund. The amount received to date is reported as \$3,616. Although the appeal officially closed on December 31, it is now being continued. The fund has since been received. Of the total sums asked for, \$2,484 has been received. Six of the opportunities have been fully subscribed. These are numbers 1, 5, 6, 9, 10 and 12. Number 1 is practically closed, with \$54 yet needed.

It has been the experience of the opportunity fund during the eleven years since it was first started that contributions continue to filter in during the winter months from people who have not felt in a position to give during the Christmas season, but do not forget the continuing needs of these families and are anxious to see that their budgets are fully met.

The families concerned are not parties to the publicity in the fund appeal. Any uncertainty produced by failure to fully complete the opportunity is not shared with the families affected. The sponsors of the opportunity accept the responsibility for seeing that the mothers and children are not separated because of poverty.

The name of the forty-nine children and seventeen adults who will be the beneficiaries of the opportunity fund is being held in the office of the fund.

"Charities extends to all who have helped the fund its very best wishes for the year 1921. The fund is now closed, with \$54 yet needed.

MACHINERY OF U.S. PAUSES FOR 1921

Receptions at Homes of Cabinet Members—Colorfulness Restored.

President Wilson Receives Greetings

The government machinery in Washington paused today to greet the incoming year. Despite elimination of the customary White House reception, due to President Wilson's illness, other features of the New Year day observance in official circles promised to restore much of the colorfulness of the occasion in pre-war years.

Instead of the customary reception tendered them at the White House, members of the diplomatic corps were invited to a reception at the home of Acting Secretary Davis of the State Department, who was delegated by the President to act in his stead. Besides informal receptions by other cabinet officers, Secretaries Baker and Daniels arranged to hold "open house" to receive New Year calls from the public at large, as well as officers of the Army, Navy and Marine Corps and their families.

Although the House in its desire to speed up work on appropriation bills broke an age-old precedent by retaining in session on the day before New Year, both houses of Congress had laid aside work today to join in the observance. All government departments began their New Year holiday yesterday, when they remained open only half a day.

At the White House, whether afloat or ashore, were extended New Year greetings by Secretary Daniels in a message flashed from the great wireless station at Arlington just as the year of 1920 passed out and the year of 1921 came in. Other wireless stations poked up the naval Secretary's greetings, and today this message from their chief was read by members of the American Navy around the world.

Greetings to the men of the Navy, whose services in 1920 under trying conditions have illustrated the navy's habit of meeting every emergency with resource and success. May the New Year bring to them the recognition which patriotic service rightly merits.

Receives "Noisy Welcome."

The New Year received a tremendously noisy welcome from the people of the National Capital last night. With horns, rattles, tin pans, cornets, brass drums, shouts and cheers, 1921 was welcomed in all parts of the city.

From the streets, hotels and private homes one universal shout of joy rang throughout the city, so that all who had come to bed early were forced to greet the New Year, whether or no.

Perhaps not in many years has there been such a spontaneous burst of noise in this city to greet a New Year. No one seemed to mind that the numbers 1921 add up to 13—it was just a wild, joyous greeting to the New Year.

In the hotels merry parties of diners cheered the advent of the year, while in many churches watch night parties acclaimed its coming with fervent spirit.

Elks' First Annual Charity Ball.

The first annual charity ball of Washington Lodge, No. 15, B. P. O. Elks was held at the New Willard Hotel last night. The affair was under the general chairmanship of James A. Balderson. The grand march was led by Howard M. Peck, exalted ruler, and officers of the lodge, P. J. Callan, John Frick, John Onton, M. G. McCormick, James P. Ward, D. R. Nihon, Thomas J. Kin, and William S. Shelby.

The Legion of Loyal Women of the Mrs. Ellen Spencer Mussey Tent, No. 1, Daughters of Veterans U. S. A., received in honor of the department commander and staff of the G. A. R. and all veterans, patriotic organizations and friends from 3 to 6 o'clock today, in the white parlor of the New Ebbitt Hotel.

WILL WORK ON WAR DEBT.

Lord Chalmers Selected to Arrange British Refund.

Lord Chalmers, G. C. B., K. C. B., a former official of the British treasury, has been selected by the British government to arrange details of the refunding of the British war debt to the United States.

Lord Chalmers entered the British treasury in 1882 and was permanent secretary of the treasury from 1911 to 1913. He is expected to come to Washington in the near future, as it is the intention to close the refunding negotiations before the change in administration on March 4 if possible.

331 FARMS IN BALTIMORE.

There are 331 farms in the city of Baltimore, Md., whose land and buildings are valued at \$6,214,375, the census bureau announced today. The total farm acreage in the city is 12,223 acres.

Uncle Sam collected income tax amounting to \$5,408,075,068 during the fiscal year ending July 30, 1920. That sum would build more than 2,500,000 cottages, which would house as many people as live in the state of New York.
